

Homework Four

Physics I

College of the Atlantic

Due Friday, October 8, 2021

There are two parts to this assignment.

Part 1: Edfinity. Do Homework 03 which you will find on your edfinity account. Note that there are two separate parts on edfinity for Homework 04: one for Chapter C06 and one for Chapter C07. I recommend doing the edfinity part of the homework first. This will enable you to benefit edfinity's instant feedback before you do part two.

Part 2: Problems from the Textbook. Here are some instructions for how to submit this part of the assignment.

- Do the problems by hand using pencil (or pen) and paper. There is no need to type of this assignment.
- Make a pdf scan of your work using genius scan or some similar scanning app. Please make the homework into a single pdf, not multiple pdfs.
- Submit the assignment on google classroom. Please don't email it to me. (Between my two classes I will be receiving over 45 assignments a week. Keeping track of them all in email is challenging.)

The textbook problems are:

1. **Chapter C6:**

- (a) C6S.4
- (b) C6S.6

2. **Chapter C7:**

- (a) C7S.1 (Note: This problem is not about springs.)
- (b) C7R.2
